MODERN ART IS AN ART AND DESIGN STUDIO IN LOVELY LANCASTER, PA. Through slightly disarming, curious, and unconventional surprises, we use creativity and quirky design thinking to provide an entry point into positive change making. Our interactive projects, workshops, events and machines challenge complex systems of thought. The results provide participants an invitation and the means to live better, collectively, in our communities. Our workshops, performances, spaces, machines and encounters encourage participants to challenge systems of thinking that hinder positive action.
